

A very sad and lamentable death was that of the brother of Geo. Papa which occurred last Wednesday. The young man had been here but a week and though very low with consumption, was full of hope of speedy recovery to health. From the time of his death he had been feeling so much better until, as he expressed it, he felt that a new lease upon life had been given him. But during the storm he caught cold which terminated in his death. He was buried from the Ross school-house.

**NED SNOW.**

**Fruita, Colo., Oct. 17, 1887.**
