PRESIDENT'S MESSAGE

I would like to urge all members to attend our monthly meetings as often as you can. If any members from out of town are in Grand Junction, I want you to know you are always welcome to attend. I know everyone is busy, busy, but do try to attend a few meetings. Everyone will be glad to see you.

Dennis has some interesting programs planned for us. Are there any particular programs that you would like to see presented? Do you know of anyone who would be willing to present a program at one of our meetings? If so, please give Dennis a call.

Along this line, how about some information you would like to see printed in the quarterly. I am sure Phyllis would be happy to have some new ideas.

We need to have everyone's ideas and help in making our society one of the best. Have a great year researching.

Sue Martinez

THANKS

Thanks to all who baked cakes for the Lions Club Carnival. We took 35 cakes to Two Rivers Plaza. The Grand Junction Lions Club really appreciated our efforts.
THANKS AGAIN.

OBITUARY PROJECT

We're making progress! I want to thank all of you that have taken the time to go down to the Mesa County Public Library to copy the obituaries from the Daily Sentinels that are on microfilm.....namely, Sue Martinez, Mattie Severson, Betty Ann Morse, Wynona Hennessey, Mildred Burbridge, Reva Leonard and Ann Colvin.

We have 1971 copied and most of it typed and filed in the Obituary File at the Library. We are now working on 1970.....so the work is progressing at "top speed"...that is, when the copy machines at the library aren't broken down!

Also want to give all of those of you a "pat on the back" who continue to type and file the obituaries from the current issues of the Daily Sentinel. With everyone doing their "fair share of the work", it makes this ongoing project a little easier to keep up with. Again, my thanks to you.....you're a great bunch to work with.

Dorothy Inscho, Librarian

FOR THOSE OF YOU WHO ARE WORKING ON THE OBITUARY FILES AT THE LIBRARY

1. Park in the front parking lot. Do NOT park in the back as you will be taking a space belonging to the library employees.
2. Enter the library through the BACK DOOR. Do not knock on the front door to gain entry.
3. Sign in on the LOG SHEET downstairs.

For those of you that are typing obituaries at home, keep track of your hours. These need to be turned into the library or if you like, you may give them to me at the meetings and I will turn them in as a group. The library keeps track of all volunteer hours. If you have not kept track of your hours, you can list the months that you have typed obits and estimate the time that you have spent. (I usually take about 3 to 3 1/2 hours to type one month.) If you file them at the library, you should sign in on the Log Sheet set up for volunteers. If you don't know where it is, ask one of the reference librarians downstairs. Keep up the good work.

Dorothy Inscho

FEDERAL CENSUSES - INTERESTING FACTS Vol #22 No.1 Jun 1989 CT Nutmegger
1840 Minnesota Federal census was enumerated with the Clayton Co., IA census.

1860 Montana and northeastern part of Colorado Federal census was recorded as "Unorganized Territory" in the Nebraska 1860 census. The rest of Colorado was listed with Kansas census.

1820 and 1830 Wisconsin census is listed with those of Michigan.

1860 Nevada census is listed with Utah census.

1860 census schedule for the present state of Oklahoma was included with Arkansas and was known as "Indian Lands".

TWENTIETH CENTURY CENSUS PROBLEMS

Unknown to most researchers until recently, all of the original census schedules from 1900 through 1980 were destroyed after they were microfilmed in the early 1950's. Why were they destroyed? Because of an agreement that was signed between the Census Bureau and the National Archives and Records Administration permitting it. Ordinarily this wouldn't be a problem. But at the time the microfilming was done, filming techniques were not as advanced as they are now, and the film quality is very poor with many pages being practically unreadable. Without the original schedules, little can be done to improve the film quality now. Since the later census years are not presently available to researchers, we can only hope that the film quality will be better than 1910's is.

What is the solution to this problem? Write letters to the following people asking that the agreement be repealed, are at least re-studied in view of improved preservation techniques and that money be budgeted for their preservation and also for better or improved quality control when the microfilming is done of the 1990 census and all future census schedules. Your letters need to be written to the Secretary of Commerce, Robert A. Mosbacher; the National Archivist, Don W. Wilson, as well as your senators and representatives in Congress. With barely seven months remaining before census takers begin canvassing households for the 1990 census, researchers need to get busy and write soon. Call you local public or college library to get the names and addresses of your senators and representatives, as well as the addresses for Mr. Mosbacher and Mr. Wilson. Remember that individual letters mean more than "form letters", so use a bit of originality when you write your letters.

Joanne Classen, CCGS Newsletter Vol. 7 No. 1 Feb 1990
